

**Voluntary product information sheet for abrasives
based on the format of a safety data sheet**

Issue date: **25/07/2016**
Revision date: **25/07/2016**
Version n° **01**

SECTION 0: INTRODUCTIVE NOTE

The product is an article according to Regulation (EC) 1907/2006 (REACH). Therefore, the transmission of a safety data sheet for it is not mandatory. This document has been prepared in order to inform workers about the specific risks associated with the handling of the product.

SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

1.1. Product identifier

Trade name: NONWOVEN ABRASIVE
Product Code: S-COARSE / S-MEDIUM / S-FINE / S-VF / VELO S-SF
Chemical type: article

1.2. Relevant identified uses of the article and uses advised against

Abrasive fibre for domestic cleaning.

1.3. Details of the supplier of the voluntary product information sheet

Company name: Paolo Corazzi Fibre S.r.l.
Address: Via Paolo Corazzi, 2 - 26100 Cremona - Italy
Phone: +39 0372 40481
Fax: +39 0372 36002
E-mail: info@corazzi.com

1.4. Emergency telephone number

Paolo Corazzi Fibre S.r.l. +39 0372 40481

SECTION 2: HAZARDS IDENTIFICATION

2.1. Classification of the article

The product is an article according to Regulation (EC) 1907/2006 (REACH). Therefore, criteria for classification of hazardous substances and mixtures defined by Regulation (EC) 1272/2008 (CLP) are not applicable.

2.2. Label elements

The product is an article according to Regulation (EC) 1907/2006 (REACH). Therefore, label elements defined by Regulation (EC) 1272/2008 (CLP) for hazardous substances and mixtures are not applicable.

2.3. Other hazards

Contact with the eyes: May cause slight and transient irritation for mechanical effect.
Contact with the skin: No adverse effect expected.
Inhalation: Route of exposure not reasonably foreseeable.
Ingestion: Route of exposure not reasonably foreseeable.

Product constituents do not satisfy the criteria for PBT or vPvB classification according to Annex XIII of Regulation (EC) 1907/2006 (REACH).

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

3.2. Articles

You can find below the list of product constituents that - on the basis of the classification/concentration and/or the assignment of an exposure limit in the workplace - should be listed in a safety data sheet. However, the hazard of these substances does not lead to classification of the product, since the criteria for classification according Regulation (EC) 1272/2008 (CLP) do not apply to articles.

Constituents	CAS no	EINECS no	INDEX no	Registration no	Regulation CLP	% w/w
Silicium Carbide (CSi)	409-21-2	206-991-8	-	-	-	40-60
Cured resin	Mixture	-	-	-	-	25-35
Synthetic fibre (Nylon)	Mixture	-	-	-	-	10-20

SECTION 4: FIRST AID MEASURES

4.1. Description of first aid measures

Contact with the eyes: Rinse cautiously with water for several minutes, holding the eyelids open. If eye irritation persists, get an ophthalmologist advice.
Contact with the skin: No adverse effect expected.
Inhalation: Route of exposure not reasonably foreseeable.

**Voluntary product information sheet for abrasives
based on the format of a safety data sheet**

Issue date: **25/07/2016**
Revision date: **25/07/2016**
Version n° **01**

Ingestion: Route of exposure not reasonably foreseeable.

4.2. Most important symptoms and effects, both acute and delayed

No relevant symptom or effect expected.

4.3. Indication of any immediate medical attention and special treatment needed

No need of any immediate medical attention. Treat symptomatically.

SECTION 5. FIREFIGHTING MEASURES

5.1. Extinguishing media

Suitable: Use extinguishing media appropriate to the source of the fire and the surrounding area (e.g. water spray jet, dry chemical powder or foam).

Unsuitable: No extinguishing media is specifically not recommended.

5.2. Special hazards arising from the substance or mixture

In case of fire, toxic fumes/gases/mists/vapours may evolve.

5.3. Advice for firefighters

Evacuate and isolate the area until complete fire extinction, by limiting access only to trained personnel. Firefighters must always wear appropriate protective equipment: positive pressure self-contained breathing apparatus [ref. EN 137]; fireproof clothing [ref. EN 469]; fireproof gloves [ref. EN 659]; firefighter's boots [ref. HO A29-A30]. Prevent contaminated extinguishing water from flowing into drains or watercourses.

SECTION 6. ACCIDENTAL RELEASE MEASURES

6.1. Personal precautions, protective equipment, and procedures in case of emergency

No special precaution should be taken.

6.2. Environmental precautions

No special precaution should be taken.

6.3. Methods and material for containment and cleaning up

No special precaution should be taken.

6.4. Reference to other sections

Not needed.

SECTION 7. HANDLING AND STORAGE

7.1. Precautions for safe handling

Ensure adequate ventilation. Wear appropriate personal protective equipment. Do not eat, drink, or smoke during use. Wash hands after use.

7.2. Conditions for safe storage, including any incompatibilities

Store in a cool, dry and well ventilated place. Avoid exposure to moisture and direct sunlight. Keep away from heat/sparks/open flames.

7.3. Specific end use(s)

See SECTION 1.2.

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

8.1. Control parameters

Before handling, it is recommended to perform a risk assessment in order to define the opportunity to wear appropriate personal protective equipment.

8.2. Exposure controls

Wear personal protective equipment in accordance with standards set by European and national legislation. Consult the supplier in all cases before making a final decision.

Skin protection: Wear normal work clothing.

Hand protection: If on the basis of the risk assessment it is necessary to protect the hands, wear gloves suitable for product handling [ref. EN 374].

Eye protection: If on the basis of the risk assessment it is necessary to protect the eyes, wear suitable safety glasses with side shields [ref. EN 166].

**Voluntary product information sheet for abrasives
based on the format of a safety data sheet**

Issue date: **25/07/2016**
Revision date: **25/07/2016**
Version n° **01**

Respiratory protection:	If on the basis of the risk assessment it is necessary to protect the respiratory tract, wear a mask suitable for the specific conditions of the workplace.
Technical and hygienic measures:	Provide local exhaust ventilation suction or other devices to maintain the levels of particles in the air below the recommended exposure limits. Do not eat, drink, or smoke during use. Wash hands after use.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

9.1. Information on basic physical and chemical properties

a) Appearance:	solid
b) Odour:	odourless
c) Odour threshold:	not applicable
d) pH:	not applicable
e) Melting/freezing point:	not applicable
f) Initial boiling point and boiling range:	not applicable
g) Flash point:	not applicable
h) Evaporation rate:	not applicable
i) Flammability (solid, gas):	not applicable
j) Upper/lower flammability or explosive limits:	not applicable
k) Vapour pressure:	not applicable
l) Vapour density:	not applicable
m) Relative density:	not applicable
n) Solubility:	insoluble in water
o) Partition coefficient: n-octanol/water:	not applicable
p) Auto-ignition temperature:	not applicable
q) Decomposition temperature:	not applicable
r) Viscosity:	not applicable
s) Explosive properties:	not applicable
t) Oxidising properties:	not applicable

9.2. Other information

Not available.

SECTION 10. STABILITY AND REACTIVITY

10.1. Reactivity

No particular danger of reaction with other substances under recommended conditions of use.

10.2. Chemical stability

Stable under recommended use and storage conditions.

10.3. Possibility of hazardous reactions

No hazardous reactions occurs under recommended conditions of use.

10.4. Conditions to avoid

None in particular.

10.5. Incompatible materials

None in particular.

10.6. Hazardous decomposition products

At temperatures exceeding 250 °C hazardous or toxic decomposition products may evolve.

SECTION 11. TOXICOLOGICAL INFORMATION

11.1. Information on toxicological effects

Contact with the eyes:	May cause slight and transient irritation for mechanical effect.
Contact with the skin:	No adverse effect expected.
Inhalation:	Route of exposure not reasonably foreseeable.
Ingestion:	Route of exposure not reasonably foreseeable.

SEZIONE 12: ECOLOGICAL INFORMATION

12.1. Toxicity

**Voluntary product information sheet for abrasives
based on the format of a safety data sheet**

Issue date: **25/07/2016**
Revision date: **25/07/2016**
Version n° **01**

Toxic effect on aquatic organisms are not expected (inert material).

12.2. Persistence and degradability

The product is not biodegradable.

12.3. Bioaccumulative potential

The product is not bioaccumulative.

12.4. Mobility in soil

The product is not mobile in soil.

12.5. Results of PBT and vPvB assessment

Product constituents do not satisfy the criteria for PBT or vPvB classification according to Annex XIII of Regulation (EC) 1907/2006 (REACH).

12.6. Other adverse effects

Product constituents do not have effects on the ozone layer.

SECTION 13. DISPOSAL CONSIDERATIONS

13.1. Waste treatment methods

Disposal must be performed in accordance with local/national legislation. It is therefore advisable to contact the authorities or authorized companies that can give indications on how to dispose. The identification of an appropriate EWC code is a specific responsibility of the waste producer.

SECTION 14. TRANSPORT INFORMATION

The product is not subject to the provisions of existing legislation governing the transport of dangerous goods by road (ADR), rail (RID), sea (IMDG Code) and air (IATA).

14.1. UN number

Not applicable.

14.2. UN proper shipping name

Not applicable.

14.3. Transport hazard class(es)

Not applicable.

14.4. Packing group

Not applicable.

14.5. Environmental hazards

Not applicable.

14.6. Special precautions for user

Not applicable.

14.7. Transport in bulk according to Annex II of Marpol and the IBC Code

Not applicable.

SECTION 15. REGULATORY INFORMATION

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

The product does not contain:

- substances of very high concern (SVHC) included in the candidate list for Authorisation
- substances subjected to Authorisation procedure (Annex XIV) according to Regulation (EC) 1907/2006 (REACH).

15.2. Chemical safety assessment

A chemical safety assessment has not been performed for the product.

SECTION 16. OTHER INFORMATION

Full text of hazard statements (H) cited in SECTION 3:

H373i May cause damage to lung through prolonged or repeated exposure if inhaled
